OVERVIEW: The Kickapoo Valley Forest School (KVFS) will strive to create a child-centered, safe, inclusive, and sensory-rich environment in which children will learn and grow through play and exploration in the beautiful natural environment of the Kickapoo Valley Reserve (KVR). Our education philosophy is rooted in belief that child development is at its best when the whole child is honored, and that 'play' in a rich environment is the true work of the child. We also recognize that children are individuals whose interests, capacities and gifts demand that our teaching style and environment be accessible from many different points and levels of ability. Additionally, as humans we thrive in environments full of love, inspiration, wonder, connection and beauty.

SERVICE DESCRIPTION: The KVFS place-based curriculum is based on the experiences that the students encounter throughout the seasons. Enthusiasm and willingness to explore and learn along with the students is a quality we seek in the Forest School Mentor.
