

2022 Roving Crews

- WisCorps will host x2 Roving Field Crews during both the 2022 Summer & Fall sessions
- Crews will move throughout Wisconsin serving on conservation projects alongside non-profits, city, county & state agency staff
- **Potential project partners:** Kenosha County, Ozaukee County, St. Croix County, City & County of Waupaca, Driftless Area Land Conservancy, Lakeshore Natural Resources Partnership, and Chequamegon Area Mountain Bike Association (CAMBA)
- Projects include trail building/maintenance, invasive species management, carpentry, and tree planting
- Participants should expect mostly front-country tent camping accommodations throughout their 8-10 week term

2022 Wetland Restoration Crew

- WisCorps will host x1 Wetland Restoration Crew in both the 2022 Summer & Fall sessions
- While serving within Indiana Dunes National Park, participants will learn about wetland restoration techniques alongside National Park Service staff
- Typical projects include backpack spraying invasive species, planting native species, seed collections, power brush cutting and habitat restoration
- Crew housing is provided - Participants will live in an apartment or in a house near Indiana Dunes National Park

2022 Wilderness Crew

- WisCorps will host x1 Wilderness Field Crew during the 2022 Summer session
- Participants will serve on backcountry trails in Isle Royale National Park alongside National Park Service staff for 6 project weeks
- Participants will serve and learn about mountain bike trails while partnering alongside Chequamegon Area Mountain Bike Association (CAMBA) for 2 project weeks
- Participants should expect backcountry tent camping accommodations for 75% of their term and front-country tent camping 25% of their term

2022 Bad River Boardwalk Crew

- WisCorps will host x1 Bad River Boardwalk Crew during both the 2022 Summer & Fall session
- Participants will together complete approximately 1,300 feet of new boardwalk construction near Ashland, WI on Bad River Reservation land
- While there are many facets to the project, daily projects will have an emphasis on carpentry-based trail construction via boardwalk installation
- Participants should expect front-country tent camping accommodations for 100% of their term

2022 LOCAL La Crosse Crews

- WisCorps will host x2 Local La Crosse Mayor's crews during the 2022 Summer session
- Participants will complete community-based projects within La Crosse County
- Daily & weekly projects include community revitalization projects, assisting non-profit organizations, & habitat restoration
- Housing is NOT provided, Crew Leaders & Members will return to their personal residences at night
